Company Profile

ABOUT MUSSELL POWER

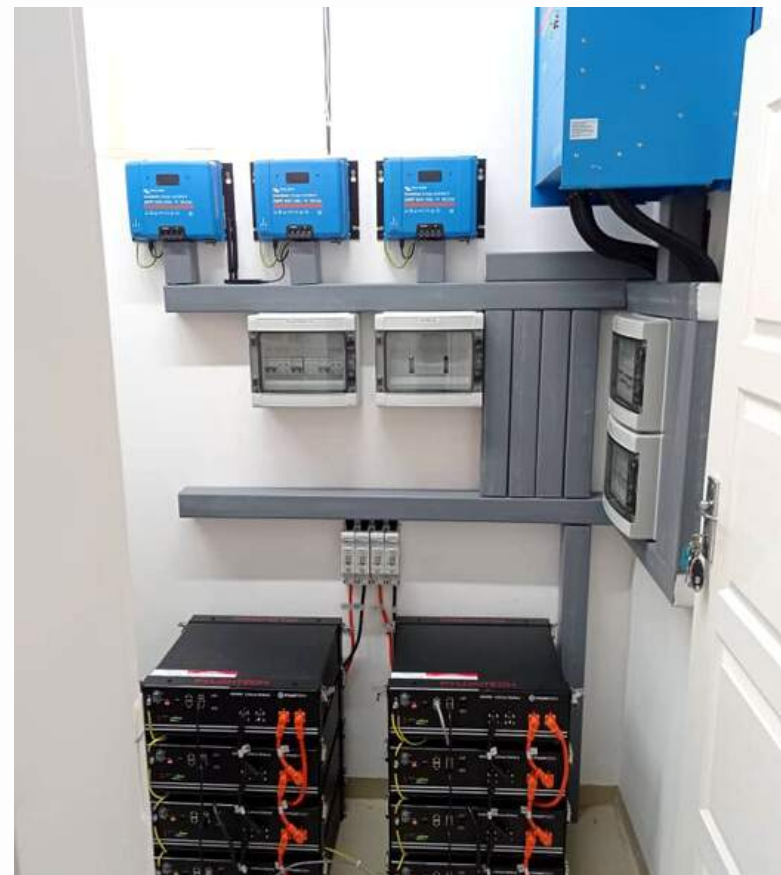

We are a family business based in Victoria Falls providing solar and water solutions for the domestic, tourism and commercial sectors. We design your customized solution, provide the products, complete the installation, train the end-user, and offer maintenance options.

OUR SERVICES

- **Solar system design, supply, and installation**
- **Solar system repairs, upgrades, and maintenance**
- **Borehole pumps supply and installation**
- **Water tanks, booster pumps and VSD's supply and installation**

OUR COMMITMENT TO YOU

- We aim to provide you with the best solution for your needs and budget.
- All our installations are completed to industry best practice and safety standards. We do not cut corners!
- We endeavor to use only reputable distributors that support equipment warranties.
- Equipment programming is customized to suit your lifestyle and specific energy requirements.
- Installation includes end-user training to help you understand and get the most out of your investment.
- We aim to give you a refreshingly smooth and friendly overall experience.

OUR HISTORY

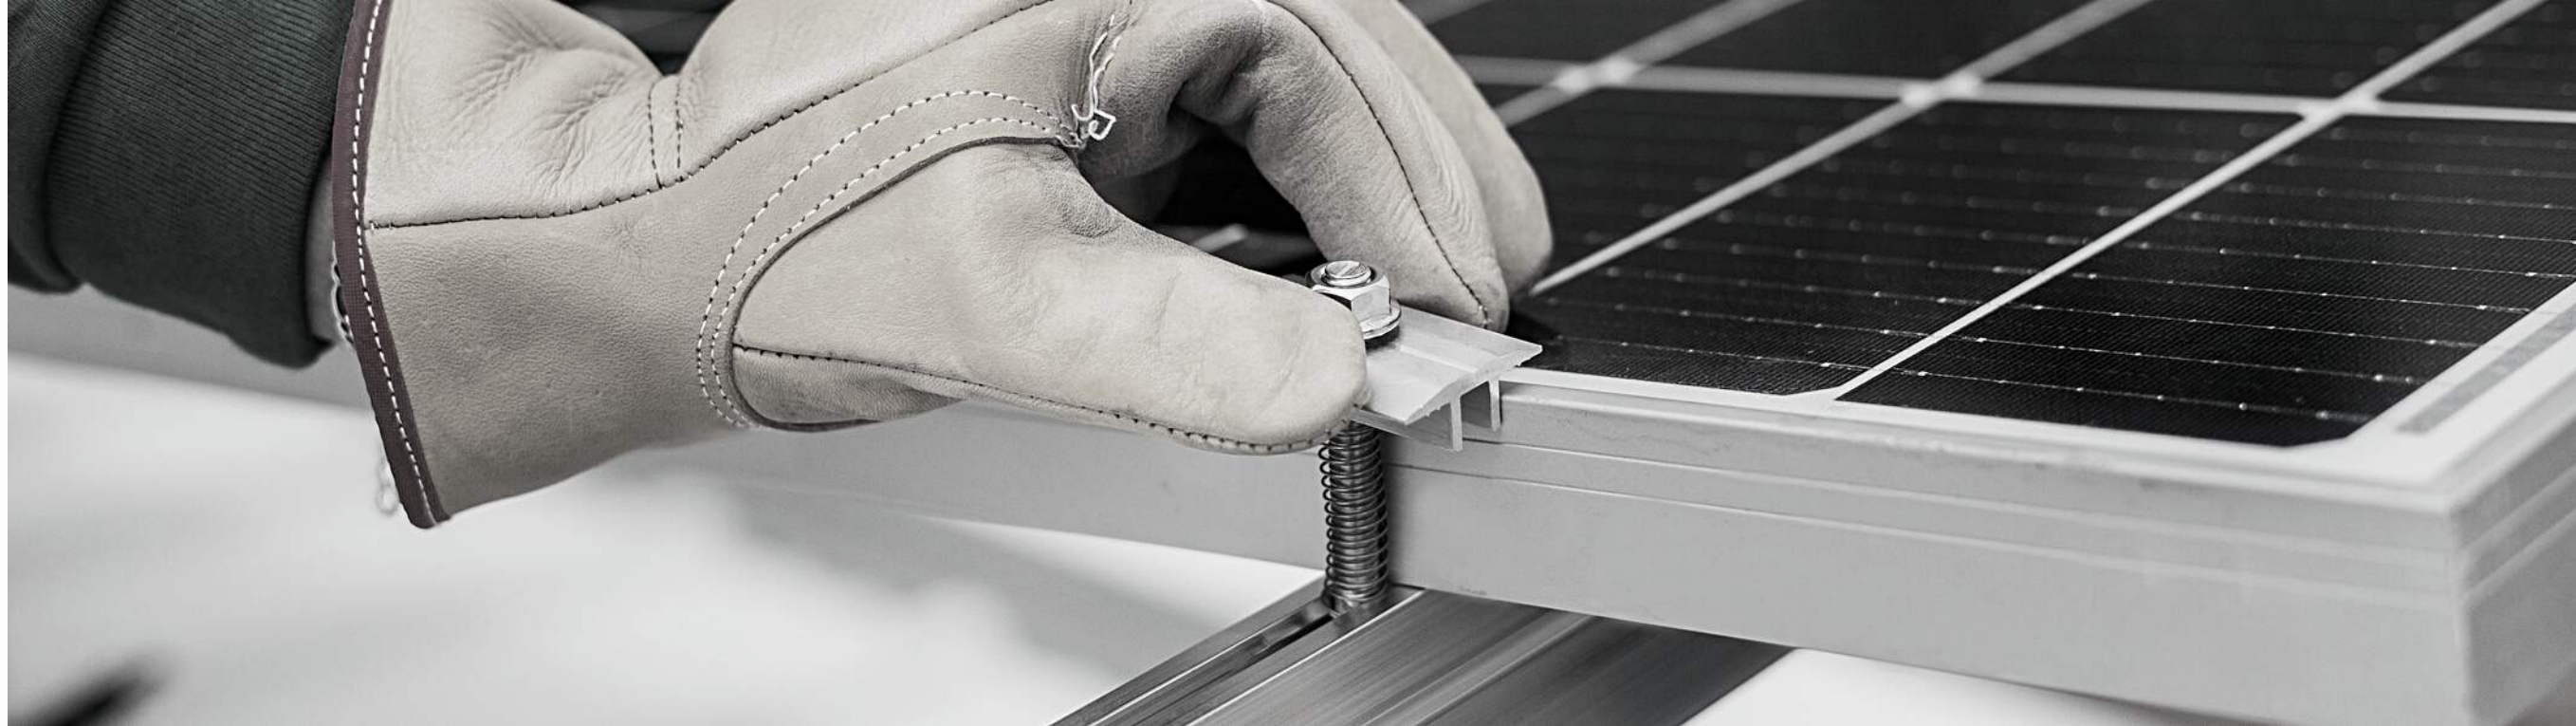

Rob has eight years' experience in the solar industry, two of which included operations and heading the Installation Department at One Stop Solar in Harare. His background is in property management and horticulture. Mussell Power relocated to Victoria Falls in 2021 to fill a gap in the local solar industry and continue operations as an accredited installer. Our team includes a qualified electrician.
